Certified

Bloodborne for body art : OSHA Bloodborne pathogen certificate  
Hygiene

Pigment

Bianca Alberts (Bea)

Nouveau Contour Master Qualification

Highest Standard. Sterile, disposable needles and pigment containers are used for each individual  
Medicated pigment (Nouveau Contour)

## BEFORE PROCEDURE

Patients prone to cold sores/fever blisters should take an anti-viral prior to treatment. (lips). Get a script pre procedure or contact me to get one for you  
Do not drink alcohol, coffee or take aspirin 24 hours prior to treatment.  
Do not shape or wax your brows before the procedure. We will do it.  
No electrolysis for at least 5 days before the procedure.  
Exfoliating treatments such as microdermabrasion or Vitamin A / Retinol should not be performed/used within 2 weeks prior to procedure.  
Skin Peels/laser should be avoided no less than 6 weeks prior to procedure.  
inform us if you have Glaucoma/ diabetes / pregnant or breast feeding  
No lash growth serums 4 weeks prior to eyeliner.

## AFTER PROCEDURE

Apply aftercare twice a day on area for 3 days then dry healing.  
Following the below reduce chance of infection & give better healed results  
Do not apply make-up directly on the area during healing process.  
No peroxide or neosporin on treated areas.  
Do not touch the area, your hands contain multiple germs / bacteria.  
Area can get wet, but must not soak for 10 days during healing, should they get wet do not rub but pat dry.  
Change your pillowcase to a fresh clean one  
Do not rub, scratch or pick during healing process.  
Should the area scab or become itchy do not scratch but gently tap.  
Please be aware that colour intensity will be significantly darker and sharper immediately and a few days after the initial procedure, but the color will reduce by 30-50%.  
Book your perfecting touch up 6 weeks after treatment.  
Avoid excess sun or tanning beds, this will make them fade.  
Avoid ALL daily skincare products on treated area for 6 weeks.  
Our pigments are MRI safe but inform your doctor should you need scan.  
Avoid the Sun and Gym for at least a week post procedure.
